Message from TRENDO 16

Dear All,

Greetings, On behalf of the organizing committee, it is our pleasure to invite you all to attend TRENDO 16, 4th Annual meeting of the Endocrine Society of Tamilnadu and Puducherry. This much-awaited conference after the grand success of TRENDO 2015, is scheduled on the 9th and 10th July 2016 at Hotel Le Meridien, Coimbatore. TRENDO 2016 promises to be an intellectually stimulating and enriching experience and is proposed to address latest updates, emerging concepts, clinical applications and controversies in diabetes, thyroid disorders, gonadal problems, pituitary disorders, metabolic bone disease and adrenal diseases. We have a mix of plenaries, lectures, workshops, symposia, clinical case seminars, original paper presentations and debates.

We will be having a distinguished gathering of eminent international and national faculty representing different institutions across the country for this mega event. We hope that this will be an academic feast of great minds and hearts. We once again take the pleasure in welcoming you and wish to see you in TRENDO 2016. Please do not hesitate to contact me or any member of our team in case of any query regarding the conference.

Dr. P. G. Sundararaman
Organizing Chairperson

With regards
Dr. P. Velayutham
Organizing Secretary

Science @ TRENDO 16

The conference is designed as a learning experience for the delegates and helps them update themselves with the current happenings in the field of Endocrinology, Diabetes and metabolism. The Scientific agenda for TRENDO 2016, like its predecessors will consist of plenaries, lectures, clinical case seminars, debates and workshops.

Lectures

Eminent speakers from across the state, country and the globe will update on the recent updates in specific areas of the field

- Nuclear medicine in Endocrinology
- Newer therapies in Diabetes and safety issues
- Modern Insulin
- Osteoporosis management
- Endocrine Hypertension
- Growth Hormone therapy
- Interpretation of thyroid function tests

Clinical case seminars

In this highly interactive session, the speaker will discuss interesting clinical case scenarios.

- Thyroid nodules
- Thyroid Disorders in pregnancy
- Hyperprolactinemia
- Hirsutism
- Gestational Diabetes
- Hypoglycaemia
- Inpatient management of Diabetes mellitus

Debates

This will be a platform for a lively, yet balanced, discussion on controversial issues in the field of Endocrinology and Diabetes.

The moderator will help arrive at a consensus

- Second line drugs in Type 2 Diabetes mellitus
- Diabesity - medical versus surgical management

Orations

Renowned invited speakers will deliver a talk on a specific topic.

- PCOS in Indian context
- Pathogenesis of Type 2 Diabetes mellitus

Workshops and meet the expert sessions

The delegates can have one to one interaction during these sessions.

- Insulin pump and CGMS
- Metabolic bone diseases
