7TH ANNUAL CONFERENCE OF ENDOCRINE SOCIETY OF TAMIL NADU AND PUDUCHERRY

Dear Colleague,

Warm greetings from Chennai.

It is our proud privilege and pleasure to invite you to **TRENDO 2019**, *7th Annual Conference of the Endocrine Society of Tamilnadu and Puducherry to be held on June 29th & 30th 2019 at ITC Grand Chola, Chennai*. As you are aware, the field of Endocrinology and Diabetes is rapidly evolving and it would not be an exaggeration to say that it is a challenge to keep oneself updated with latest developments. On behalf the organizing committee, we promise that **TRENDO 2019** would definitely help you face this challenge, with meticulously planned scientific sessions covering all clinically relevant domains of diabetes and endocrinology with a right mixture of plenary lectures, symposia, interactive clinical case discussions and debates. We have invited distinguished faculties in the field from both India and abroad to make sure that every session would provide an unbiased opinion on the topic that would be highly valuable and practical. Poster and free paper presentation sessions are included to encourage research and participation of postgraduates and physicians with interest. We also have an exclusive symposium in collaboration with OGSSI - Endocrinology and Women's Health.

Chennai known for its medical excellence as the health capital of India attracts approximately 50 percent of health tourists visiting the country. Lonely Planet named Chennai as one of the top ten cities in the world to visit in 2015. The conference is held at ITC Grand Chola in the heart of Chennai and we expect around 1800 delegates comprising of Physicians, Diabetologists, Gynaecologists and General practitioners. The organizing committee will take maximum effort to make **TRENDO 2019** a memorable event for scientific content and hospitality. This unique 2 - day programme will cover day to day endocrinology, update in management of thyroid disorders, current controversies in diabetes, endocrinology of/in pregnancy, PCOS, Dietary therapies for NCDs and Paediatric endocrinology.

Once again, we are glad to welcome you to **TRENDO 2019**. Please do not hesitate to contact us or any of the team members for any queries regarding the meeting or your participation.

Best Wishes and Regards

Dr Muthukumar Jeyapaul

Organizing Secretary

Scientific Chairperson

7TH ANNUAL CONFERENCE OF ENDOCRINE SOCIETY OF TAMIL NADU AND PUDUCHERRY

The Endocrine Society - Tamil Nadu and Puducherry

The Endocrine Society of Tamil Nadu and Puducherry was formed in 2013 with a view to spread awareness about the specialty to the public and to fulfill the need for a state level organization for the specialty. The aims of the Society are to unite all practicing physician endocrinologists qualified and trained or otherwise interested to work for the cause of Endocrinology and subjects with Endocrine disorders. The other aims are to propagate recent developments in the endocrine science through periodic conduct of conferences and publish journals, newsletters or guidelines. To publish books for lay public, under and post graduate medical students and others.

TRENDO 2019 will also represent the 7th Annual Conference of the Endocrine Society of Tamil Nadu and Puducherry. It is conducted with a view to spread up to date evidence based knowledge in Endocrinology & Diabetes to Physicians, specialists with allied interest such as Gynecologists and Pediatricians and general practitioners.

7TH ANNUAL CONFERENCE OF ENDOCRINE SOCIETY OF TAMIL NADU AND PUDUCHERRY

SCIENCE@TRENDO

Science at TRENDO is an exciting mix of concepts, controversies, practice at cusp and evolving ideas. The program is a melange of plenaries, lectures and symposia, clinical case seminars, debates and meet the expert session allowing the discerning clinician to choose and learn in a format that he is most comfortable with. The program has been designed to maximise learning, minimise bias and improve interaction with the strong national and international faculty.

Symposia

- Endocrinology of/in Pregnancy
- Newer Therapies in Diabetes - Role in Clinical Practice
- Type 2 Diabetes Reversal - Possibilities
- Thyroid Dilemmas
- PCOS - Role of Newer Therapies

Clinical Case Seminars

- Longterm management of thyrotoxicosis
- Management of Comorbidities in diabetes
- Approach to a patient with Pituitary incidentaloma
- The medical management of obesity

Meet the Expert

- Genetic testing in Endocrinology - who needs it?
- Conundrums in Endocrine care
- Difficult Diabetes
- Hypoglycemia & Pseudohypoglycemia

Debate

- SGLT2i in primary prevention - YES or NO
- Targeting macronutrients in diet - do they work
- ADA/EASD Guidelines for Indian patients - YES or NO
